We had Steam Masters clean our carpets yesterday. The two men couldn't have been nicer - so very polite. They went way above being good workers, they were SUPERIOR. We are in our 80's, let me tell you the world would be a better place if there were more like these two men.

What a great Shock & Surprise! I thought I would have my carpets cleaned for now and replace them in spring. Now, I won't! The carpets look great, I never thought they would look so nice. Thank you.
-M. Morgan

I would call Steam Masters again & recommend your Co. to others. Josh was great, kind and considerate & did a wonderful job. I would ask for him again. The lady who set up the appointment was also very nice and informative. I'm glad I had Steam Masters after calling 3 other carpet cleaning companies.

Steam Masters has always done such a great job for the company I work for, so they were the first place I called to get my home carpets cleaned. They are professional and do a great job!

When I called for an appointment the gal was very courteous. I was called the day before as a reminder and the technician was very friendly and took time to explain problem areas and what to expect. He did a very good job and I was more than satisfied. I would recommend you to anyone.

Richard gave me an estimate, and was very honest about which rooms needed additional odor elimination/pet stains (I was thinking of doing it everywhere just to be safe). Saved me money and did an excellent job - carpets look brand new. Very happy with results!

I had never had carpets cleaned, and wasn't sure where to start. After getting a coupon in the mail from a competitor but reading negative reviews about that company I decided to go with Steam Masters based on a few positive reviews I read. Great decision! Even though my appointment was scheduled for 8 and the driver didn't get to my house until 8:40. He was professional and friendly. I liked that I even had a coupon for my living room, but once he measured the room it was actually cheaper not to use my coupon! Couldn't just take my money but didn't. Also, he didn't start work until I signed off on the price so I knew what I was getting into. I would recommend them. Unfortunately, they don't clean air ducts, but did recommend me to another company.

★★★★★ I manage 2 townhome complexes, and we always use Steam Masters for their top notch customer service and excellent job. Our carpets always look good as new and smell fresh and clean. They are able to get out the toughest stains from not so great renters. I would recommend them to anyone looking for like new carpets!

★★★★★ Brad was awesome! Extremely nice, and didn't mind answering ALL of the questions I had. Also, was generally concerned about how we liked the job after it had dried. Would definitely recommend Brad & Steam Masters!

★★★★★ Had our carpets cleaned when we moved. I have to say they did an awesome job. We had some stains that I honestly did not think would come out but was very surprised to see they were able to clear them out. Prices were pretty competitive so I would say very worth it.
